

INDUSTRIAL • ENERGY • CONSTRUCTION • MARINE

Heavy-duty rigging hardware, chains, hoists, slings, fall-protection products and specialized lifting solutions.

liftekpro.com

01 | COMPANY PROFILE

LIFTEK PRO LLC is a supplier of rigging, lifting and industrial equipment serving demanding industrial, energy and commercial operations. The company’s website presents a one-stop sourcing model covering rigging hardware, lifting slings, chains, hoists, winches, fall protection, tools and specialized equipment. Its stated approach is to combine product supply with practical solutions, procurement support and customer service.

Core capabilities

Rigging hardware	Shackles, hooks, master links/rings, blocks and lifting components
Lifting & handling	Hoists, winches, cranes, below-the-hook equipment and accessories
Slings & chains	Alloy chain slings, synthetic slings, wire-rope and related components
Safety	Fall-protection harnesses, lanyards and safety kits
Specialized supply	Custom-length items, project sourcing and equipment rental solutions

Website contact information

LIFTEK PRO LLC
1209 Mountain Road PL NE, STE R, Albuquerque, NM 87110

Office: Monday-Friday, 9:00 AM-5:00 PM

02 | PRODUCT PORTFOLIO

Rigging Hardware	Shackles • hooks • master links/rings • snatch blocks • lifting points • clamps
Chains & Chain Slings	Grade lifting chain • chain assemblies • hooks • connectors • load securement
Synthetic & Wire-Rope Slings	Round slings • web slings • wire-rope slings • mesh slings • accessories
Hoists, Winches & Cranes	Manual, electric and pneumatic hoists • winches • cranes • lifting accessories
Fall Protection & Safety	Harnesses • lanyards • fall-protection kits • job-site safety equipment
Rope, Cordage & Winch Lines	Rope products • cordage • winch lines • custom lengths
Industrial Tools & Storage	Hand tools • power tools • storage boxes/chests and related equipment
Equipment Rental	Spreader beams • shackles • chain hoists • air winches • lever hoists • gantries • baskets

03 | FEATURED RIGGING PRODUCTS

The following examples are taken from products currently exposed on the Liftek Pro website. Prices and availability can change; confirm the live product page before publishing a printed price list.

Product	Model / Part No.	Key specification	Website price
Crosby 419 BB Snatch Block	419 / 109064	4.5 in sheave • 4 ton WLL • 3/8-1/2 in rope	\$544.00
Crosby 408 RB Double Snatch Block	408 / 104201	8 in • 12 ton WLL • hook fitting	\$2,526.00
Crosby L-6-H RB Snatch Block	L-6-H / 599579	5-3/4 in • 12 ton WLL • hook fitting	\$2,241.00
Crosby A-1338 Clevis Grab Hook	A-1338 / 1049426	Grade 100 • 5/16 in chain • 5,700 lb WLL	\$61.60
Crosby BH-313 Weld-On Hook	BH-314 / 1029114	2 metric ton WLL • alloy steel	\$171.70
Crosby BH-313 Weld-On Hook	BH-315 / 1029123	3 metric ton WLL • alloy steel	\$184.45
Crosby BH-313 Weld-On Hook	BH-316 / 1029132	4 metric ton WLL • alloy steel	\$237.15
Crosby BH-313 Weld-On Hook	BH-317 / 1029141	5 metric ton WLL • alloy steel	\$284.75
Crosby BH-313 Weld-On Hook	BH-318 / 1029150	8 metric ton WLL • alloy steel	See website
Crosby BH-313 Weld-On Hook	BH-319 / 1029169	10 metric ton WLL • alloy steel	\$380.80

* Website prices observed during catalog preparation; they are not a permanent price list. Product specifications should be verified against the manufacturer's current documentation before use.

04 | RIGGING HARDWARE

Liftek Pro's online portfolio emphasizes heavy-duty rigging hardware for lifting, material handling and industrial applications.

Shackles

Anchor and bow shackles; bolt-type and other configurations depending on application.

Hooks

Grab hooks, weld-on bucket hooks, lifting hooks and chain connection hardware.

Master Links & Rings

Master links/rings for chain sling assemblies and multi-leg lifting configurations.

Snatch Blocks

Single and multiple-sheave blocks for redirecting wire rope and mechanical advantage.

Lifting Points & Clamps

Lifting points and specialized clamps for plates, beams and structures.

Example: Crosby 419 Snatch Block

The Liftek Pro listing identifies a 4.5-inch sheave, 3/8-1/2-inch wire-rope range and 4-ton WLL for the listed 419 configuration. [\[cite\]turn1search7](#)

Selection note: Always select rigging hardware by the complete lifting configuration, WLL, hitch type, angles, connection geometry, inspection status and manufacturer instructions.

05 | SLINGS, CHAINS & SECUREMENT

Alloy Chain Slings

Assemblies for heavy-duty lifting, available in configurations using lifting-grade chain and compatible hooks/components.

Synthetic Slings

Round slings and web slings for applications where flexible, lightweight lifting solutions are appropriate.

Wire-Rope Slings

Wire-rope lifting assemblies and related end fittings for demanding industrial lifting.

Wire-Mesh Slings

Flexible lifting slings intended for suitable industrial material-handling applications.

Winch Lines & Rope/Cordage

Bulk and custom-length rope products, winch lines and related accessories.

Load Securement

Chains, binders and tie-down products for cargo and equipment securement.

Recommended website presentation

Each product page should show: brand • model • part number • diameter/size • WLL • length • material/grade • finish • applicable standards • certifications/documents • stock status • lead time • price or RFQ • downloadable manufacturer documentation.

06 | HOISTS, WINCHES & LIFTING EQUIPMENT

Manual Hoists

Chain hoists and lever hoists for controlled lifting and positioning.

Electric Hoists

Electric chain hoists and associated lifting equipment for powered material handling.

Pneumatic Hoists

Air-powered lifting solutions for appropriate industrial environments.

Industrial Winches

Winches for pulling, positioning and lifting applications, subject to application-specific ratings.

Cranes & Gantries

Material-handling structures and lifting equipment for plant, maintenance and construction work.

Below-the-Hook Equipment

Spreader beams, lifting beams, baskets, clamps and other load-handling attachments.

Featured brands shown on the website include Harrington for hoists and Thern for industrial winches/cranes. Brand availability should be confirmed with Liftek Pro before quoting.

07 | FALL PROTECTION & SAFETY

The website presents fall-protection kits and safety products alongside its lifting portfolio, including harnesses and lanyards from listed safety brands.

Category	Typical product content
Harnesses	Full-body fall-protection harnesses and accessories
Lanyards	Energy-absorbing and positioning lanyard configurations
Fall-Protection Kits	Packaged solutions for suitable work-at-height applications
Job-Site Safety	Safety equipment and PPE-related products

Safety statement

Lifting and fall-protection equipment can be hazardous if incorrectly selected, installed, inspected or used. This catalog is for product identification and procurement support; it is not a substitute for competent-person assessment, applicable regulations, engineering requirements or manufacturer instructions.

08 | EQUIPMENT RENTAL

Liftek Pro’s website also presents land and marine/offshore equipment rental solutions. The listed rental fleet includes lifting, rigging and material-handling equipment for construction, industrial, energy, maintenance and shutdown projects.

Rental area	Examples listed on the website
Land / Industrial	Spreader beams, shackles, chain hoists, air winches, lever hoists, beam clamps, hydraulic equipment
Marine / Offshore	Lifting and rigging equipment plus specialized offshore and marine equipment for construction, energy

Rental inquiry workflow

Project / location → required capacity → equipment type → dates → certification/document requirements → delivery/collection → quotation.

09 | BRANDS & SOURCING

The Liftek Pro website identifies a broad brand portfolio. The following grouping is based on how the site describes its product lines; exact availability varies by product and should be confirmed for each quotation.

Product area	Brands shown on Liftek Pro
Rigging hardware	Crosby • Gunnebo • Cartec • Skookum • Terrier • Van Beest
Chains & lifting chain	Peerless • Pewag
Hoists / winches / cranes	Harrington • Thern
Slings / securement	Liftmax • M&W • Tuffy • Durabilt • Bubba Rope
Fall protection / safety	Palmer Safety • other safety brands shown on site
Other industrial / PPE	3M • Delta Plus • GT George • Tractel • Wanbeast and other listed brands

10 | WEBSITE CATALOG STRUCTURE

For a stronger ecommerce experience, the Liftek Pro website can organize the catalog around the following navigation structure:

01	Rigging Hardware	Shackles Hooks Master Links Snatch Blocks Lifting Points Clamps
02	Slings & Chains	Chain Slings Round Slings Web Slings Wire-Rope Slings Mesh Slings
03	Hoists & Winches	Chain Hoists Lever Hoists Electric Hoists Pneumatic Hoists Winches
04	Fall Protection	Harnesses Lanyards Kits Safety Accessories
05	Rope & Securement	Winch Lines Rope & Cordage Load Binders Tie-Downs
06	Industrial Equipment	Cranes Gantry Hydraulic Equipment Material Handling
07	Rental	Land Rental Marine/Offshore Rental Project Equipment
08	Brands	Brand landing pages with filters and downloadable documentation

Recommended filters

Brand • product type • model • part number • WLL • size • chain grade • rope diameter • material • certification • stock status • price range • application.

11 | REQUEST A QUOTE

Tell us what you need. Our team can assist with product identification, sourcing, quotation and project requirements.

Information to provide	Example
Product / part number	Manufacturer, model or photo
Quantity	Required number of units / assemblies
Capacity	WLL / lifting capacity
Size	Diameter, length, chain size, sheave size, etc.
Application	Crane lift, construction, offshore, maintenance, securement, etc.
Delivery	Destination and required date
Documents	Certificate, test report, manufacturer documentation if required

12 | CATALOG NOTES

This catalog is a professional presentation draft based on the product categories, company information, rental information, brands and representative product listings publicly displayed on the Liftek Pro website during preparation.

Important

Product specifications, WLLs, dimensions, prices, stock status, lead times, certifications and brand availability can change. Before purchase or use, verify the exact part number and current manufacturer documentation. Lifting equipment must be selected, inspected and used by appropriately trained and competent personnel in accordance with applicable requirements.

Online catalog

For the current product range, pricing and availability, direct customers to liftekpro.com. The website currently presents a broad ecommerce catalog and identifies categories including rigging hardware, fall protection, slings, rope/cordage, tools and equipment rental.
